SUMMARY

"I am a recent CSE(AI&ML) B-Tech graduate skilled in web development. Proficient in Java, Python, and basic Machine Learning. Seeking entry-level role to apply expertise in crafting innovative web solutions. Eager to contribute to success while advancing web development skills."

SKILLS

Languages: Java, MySQL, Python, JavaScript, HTML, C, PHP.

Technologies: NodeJS, ExpressJS, NoSQL(MongoDB), ReactJS, Git, GitHub.

PROFESSIONAL EXPERIENCE

05/23 - 12/23   **Software Development Intern**   **Edumoon**
- Worked on 3 real-time projects in web development, wireframing and SEO.
- Website development for a CA firm using MERN stack with features of 15+ financial calculators and 100+ financial services
- Worked for design and development of website for 3 Months.
- Involved in SEO efforts for a real estate website to boost its online visibility and search engine rankings.
```
NodeJS  /  Rest - API  /  Sheets
```

PROJECTS

MERN   **E-Waste Easy**   **https://github.com/Goutham-003/ewasteeasy**
Built an E-waste recycling app in Node.js, Express, MongoDB, React to help people dispose of E-Waste responsibly. Users sign up, find nearby drop-off locations, or schedule pickups. They earn points for recycling, which they can redeem for rewards! (Web scraping used for generating reward)

NodeJS, MongoDB   **GameMaster**   **https://github.com/Goutham-003/GameMaster**
Created GameMaster gaming website featuring a diverse game collection, consolidated leaderboards, and profile customization using NodeJS, Express JS, MongoDB, HTML, CSS, and JS to track player progress and enhance the gaming experience.

ReactJS   **Climate App**   **https://github.com/Goutham-003/Climate-App**
Built weather app (Climate App) with React for real-time weather data using OpenWeatherMap API. Delivers fast, responsive UI with accurate temperature, humidity, wind speed & more for global locations.

ReactJS   **Portfolio**   **https://kaleidoscopic-clafoutis-c358b9.netlify.app/**
I have built a responsive webpage for showcasing my skills, experience and projects using React Js and Tailwind CSS

PHP   **The Spice Delight**   **https://github.com/Goutham-003/The-Spice-Delight**
Developed a bill management webpage with HTML, CSS, and PHP, adhering to software development best practices to deliver clean, maintainable, and efficient code.

Java   **User Authentication Page**   **https://github.com/Goutham-003/Java-Miniproject**
I have made a Java-based desktop application, enabling account creation and secure login via Java AWT and Swings. User details are stored locally with Base64 encryption.

EDUCATION

2020 - 2024   **B-Tech in CSE(AI&ML)**   **Anil Neerukonda Institute of Technology and Sciences**
CGPA: 8.99

2018 - 2020   **Intermediate**   **Sri Chaitanya Junior College**
Percentage: 93.2

2017 - 2018   **10th Standard**   **The Sun School**
CGPA: 10.0

CERTIFICATIONS

10/09/2023   **DSA with Java**   **Apna College**
- Completed "DSA with Java Course" by Apna College, achieving proficiency in Java language and mastering Data Structures & Algorithms. Enhanced problem-solving skills and expertise in DSA.

23/04/2023   **Web Development**   **Udemy**
- Attained Full-Stack Web Developer expertise in HTML, CSS, JavaScript, and Node, showcasing proficiency through a portfolio website that reflects efficient coding practices

27/08/2022   **Computational Problem Solving**   **Infosys SpringBoard**
- Completed "Computational Problem Solving" by Infosys SpringBoard, getting skilled in Java and Problem Solving.

ACHIEVEMENTS

Present   **Coding Profile**   **https://leetcode.com/goutham003/**
- Solved **200+ problems in Leetcode** in Java. The DSA problems ranging from arrays, strings, Linked-list, Stack to Dynamic programming and Back tracking.

Present   **Secretary of CSI Student Branch.**   **ANITS**
- Computer Society of India is a National-level body of computer professionals in India

09/02/2023   **DataScience Bootcamp and Hackathon**   **SRKR Bhimavaram**
- Secured a top-five position in a national Data Science Hackathon featuring 150 teams at SRKR Bheemawaram, demonstrating proficiency in data analysis, machine learning, and adept problem-solving skills.

05/07/2022   **Summer School Program**   **NIT- Andhra Pradesh**
- Participated in a National Level Summer School on Advanced Technologies in STEM, earning an A+ grade. Gained hands-on experience in 3D printing, IoT edge tech, and foundational Linux programming skills.
